Start healing & feeling better today

OUTPATIENT
Physical • Occupational
Speech Therapy

With Premier in your name,
you better be top notch in what you do.
And we are.

At Shirkey Premier Therapy, we lead the
region in comprehensive therapies for you
to heal better so you can feel better.

Our 5-star patient rating demonstrates
our commitment and ability to get you
on the road to recovery.
And back doing the things you love.

Why we're Premier Custom approach

No two people are alike. That's why we begin with
a thorough evaluation to fully understand your
limitations and goals for a personalized plan of care.
We then educate you so you can actively be part of
your healing process.

Experience – plus hometown care

Ask Randy Singleton, our rehab director, what
makes our staff special. He's quick to tell you
Shirkey Premier Therapy is a highly experienced
team of physical, occupational and speech
therapists. And like all great teams, we work
cohesively to formulate effective patient care
and recovery. Staying educated on the newest
treatments is vital to us, so we can provide you the
most up-to-date therapies and information.

When you walk through our doors, you can expect a
relaxed, friendly environment. Our small-town roots
are intertwined with deep and caring ties to our
communities, neighbors and patients.

State-of-the-art

Our 2019 gym renovation coincided with upgrades
in high-tech equipment, like **LiteGait**, which safely
controls a patient's body weight over a treadmill or floor
to regain motor control. We are pleased to be the only
facility in Ray County to offer this valuable device for
patients' physical recovery. Shirkey Premier also utilizes
a **SCIFIT** recumbent bike to get people of all abilities
moving again.

– And cost effective

We offer effective evidence-based treatments in the
most cost effective way. **Shirkey Premier Therapy**
only bills what is allowable under Medicare guidelines.
Whether you have Medicare or private insurance,
you'll receive Medicare-reduced pricing, which
makes patients and their insurance companies
happy. Our expert financial services staff alleviates

and Worker's Compensation**

bureaucratic hassles by working directly with
your insurance company to get documented
authorization for your care.
By the way, there is no upfront fee to begin therapy.
